**"My Wife Became Anxious."**

There is cause for anxiety when a cough hangs on for a year and can't be shaken off. The quickest way to relieve that anxiety is to begin at once the use of Dr. Pierce's Golden Medical Discovery. It is a cough remedy, but it is also a great deal more. In far advanced stages of disease, when hemorrhages have been frequent, and there have been emaciation and weakness, "Golden Medical Discovery" has produced a perfect cure. It increases the supply of the life fluid—blood. It cleanses the blood from impurities, and sends a current of rich, new blood to build up the weak places in the body with new life.

The "Discovery" is strictly a temperance medicine, non-alcoholic and non-narcotic.

"For one year I was troubled with a cough," writes Mr. H. E. Curtis, of Sumner, Bremer Co., Iowa. "As I continued to cough during the summer, my wife became anxious, and wrote to Dr. R. V. Pierce for medical advice. It seemed to us that we could not go to a better source for advice, and, as it proved, the 'Golden Medical Discovery' which was recommended, proved just the medicine to effect a cure. Dr. Pierce and his medicines are 'As good as wheat,' as the farmers used to say."

Bad taste in the mouth is removed by using Dr. Pierce's Pleasant Pellets.

## LAYING DOWN ARMS.

FILIPINOS CEASE FIGHTING FOR A LOST CAUSE.

Successful Negotiations With Leaders of Insurgents.

All the Rebels on the Island of Cebu Ready to Surrender.

Judge Taft Cables the Good News to the Secretary of War—Wonderful Growth of Peace Party.

About two weeks ago, Gen. Trias, the Filipino leader in the southern provinces, promised the Federals that he would surrender in fifteen days. The time will expire on Saturday. Passes were issued four days ago for the purpose of allowing Trias to gather his command. Trias' promises, however, have not been carried out, and there is uncertainty as to whether he will surrender this time. Gen. Funston is awaiting further developments before making any move. It is reported that negotiations are in progress for the surrender of all the insurgents on the Island of Cebu. Many small detachments in various localities are surrendering daily.

The Philippine commission will sail from Manila on the transport Summer Monday, and will visit twenty-five ports before returning in May. The members of the commission will first go to the capitals south of Manila, with the exception of three unimportant ones.

Some supply wagons were attacked near Silang. Three signalmen and two Ilcos scouts were killed. Lieut. West, with the gunboat Laguna de Bay, surprised an insurgent camp on the Island of Talim, on Lake Bay, east of Manila, capturing thirty-one insurgents.

Senior Memije, the native judge of the court of first instance, who was summoned to testify before the Philippine Commission to explain the cause of the retention of Francisco Enrique as administrator of his father's estate after he had been charged by the other heirs with misappropriating the income, has appeared before that body. The judge answered all questions easily. He justified his retention of the administrator on the ground that he had no knowledge of Enrique's guilt, as the criminal case which involved funds had not been tried before him. He said he refused to hear the protest of the heirs against the sale of property to the state on the payment of fees, because they were not parties to the suit and had no standing in court. Judge Basa gave testimony almost directly in contradiction to that of Judge Memije, and almost every magistrate on the bench challenged his statements. Some of the heirs to this property are destitute in Spain. The commission took the case under advisement. The decision in this case is expected to form an important precedent. The estate was originally worth \$1,000,000, but through fraud this value has dwindled to \$300,000.

The venality and incompetence of the court will probably be demonstrated.

CABLEGRAM FROM TANT.

Secretary of War Root has received the following cablegram from Judge Taft, president of the Philippine commission:

Manila, March 3.—On eve of President's second administration, wish to convey to him the assurance of great progress made toward peace. Since the first of January 1127 fire arms captured and 1368 surrendered.

Federal party, avowed and direct outgrowth of election, has spread with wonderful rapidity to all parts of archipelago, and is active and urgent in advocacy of peace and presenting advantage of civil liberty under American sovereignty; assisting insurgents surrendering in Panay. Party's banquet of 300 eve of Washington's birthday and gathering of 7,000 members of party on Luneta to hear earnest addresses and leading Filipinos were most convincing of its power, purpose and completely representative character.

Commission has last three weeks organized five provincial governments. Attended each provincial capital in a body; met by appointment presidents, councilors and principal men of town; explained provisions of general provincial act and special bill for particular province, and invited discussion by natives present of both bills. Conventions thus held very satisfactory; amendments suggested, considered, special bill enacted and appointments followed. Explanation of purpose of President of people of the United States to secure civil liberty read with enthusiasm.

ENCOURAGING REPORTS.

Anxious for provincial government everywhere apparent and satisfaction with form adopted manifest. Reception from people at large most encouraging. At Dagupan met convention of 350 delegates from thirty-four out of thirty-five towns. In others less delegates in attendance, but not less interested. Enthusiastic meeting of Federal party called by President and Directors' party, who accompanied us, here every capital visited. In three large provinces natives appointed provincial governors. In Bataan, on petition, in eight out of nine towns volunteer officers appointed. In Tarlac feeling between royal sections required appointment of Americans. Expressions of loyalty by all natives in conventions emphatic and sincere.

In compliance with urgent native invitations, leave March 11 for South to organize provinces of Tayabas, Romblon, Iloilo, and such other places as are ready. Fragmentary cable dispatches detailing some engagements which are only the result of increased activity of army after close of wet season and efficient policing of country, made possible by active native co-operation creates wrong impression on the mind of public as to probable continuance of war and as to conditions, which have, in fact, never been so favorable to restoration of complete peace and accomplishment of declared purposes of President.

Mrs. C. E. Van Deusen, of Kilbourn, Wis., was afflicted with stomach trouble and constipation for a long time. She says: "I have tried many preparations but none have done me the good that Chamberlain's Stomach and Liver Tablets have." These Tablets are for sale at Z. Wayne Griffin & Bro's drug store. Price, 25 cents. Samples free.

## DURBIN TO BECKHAM.

Imaginary Conversation Between Govs. Beckham, of Kentucky, and Durbin, of Indiana.

KNOTT SOUNDS THE KEY-NOTE.

Gov. Beckham—May I not hope that the chief executive of Indiana will soon reconsider his action and honor my requisition for former Gov. Taylor?

Gov. Durbin—As chief executive of Indiana I shall be glad at all times to co-operate with the authorities in Kentucky in furthering the ends of justice.

Mr. Beckham—Then may I call your attention to the second paragraph of section 2, article IV., of the Constitution of the United States?

Mr. Durbin—Will you read it, and read it as slowly and as impressively as possible?

Mr. Beckham—"A person charged with treason, felony or other crime, who shall flee from justice and be found in another State, shall, on demand of the executive authority of the State from which he fled, be delivered up to be removed to the State having jurisdiction of the crime."

Mr. Durbin—I recognize the obligations of that section and am anxious to fulfill them, but before surrendering to you and to your courts, I must ask for further information concerning the course of justice in Kentucky. Are you willing to give me this information candidly and fully?

Mr. Beckham—As candidly and fully as I think the occasion justifies, merely remarking that your obligation to see the laws executed does not extend beyond territorial limits of Indiana.

Mr. Durbin—True, but I have sworn to obey the whole Constitution of the United States, amendments, and all, and I will not sacrifice a vital principle of the instrument merely to fulfill a specific direction. Before I surrender any man to Kentucky, I must feel assured that the rights conferred on that fugitive are not to be denied him as soon as he is within the jurisdiction of your courts.

Mr. Beckham—What rights do you fear we may deny Gov. Taylor?

Mr. Durbin—The right conferred by article VI. of the amendments; the right to a speedy trial by an impartial jury; the right to be protected from excessive bail or cruel and unusual punishment.

Mr. Beckham—These rights are secured to every citizen of Kentucky by our bill of rights.

Mr. Durbin—Secured, yes, by the written law; these rights and others, such as the right to peaceable assembly; the right to petition those in authority; the right to an election, free and equal. All these are written anew in your Constitution, but if I may judge from what I hear, they have been denied to a certain class of citizens charged with certain crimes. I cannot ignore the existence of peculiar conditions in Kentucky at this time; I cannot close my eyes to the consequences of my own acts.

Mr. Beckham—It may be that your information is at fault; it may be that you have tried and condemned our judges on expert testimony, and without giving them a hearing.

Mr. Durbin—I recognize that danger, that difficulty; but I prefer to err on the side of justice. We Governors

have to decide on information at our command.

Mr. Beckham—But in refusing you impeach our bench; you reflect on an upright Judge; you by your interposition put a check on good morals and baffle an unimpeachable legal procedure.

Mr. Durbin—I gain my knowledge of the course of justice from what occurred in Kentucky and from the utterances of public men. Last year, during the campaign, the Democratic candidate for Governor, said: "I shall not set at liberty any man, with whatever crime he may be charged, if the evidence against him is strong enough to justify his conviction." Again he said: "I want the people of Kentucky to know that no man convicted for this murder of Goebel by a jury of his peers, will be pardoned at my hand." On another he said: "I will pardon no man who has been convicted by twelve honest men." Am I right in the belief that the name of this candidate is the same as your own?

Mr. Beckham—The same candidate and the same man.

Mr. Durbin—And yet you pardon an election bully named Slusher, convicted in a court presided over by a Democratic Judge.

Mr. Beckham—I did, and gave my reason.

Mr. Durbin—May I ask for your reasons?

Mr. Beckham—Those reason accompanied the pardon, and were thus written: "I am convinced that this was a case of political persecution; that the man was resisting at the direction of an officer the service of a void order granted by the Law and Equity Court of Jefferson county; and he has been the selected victim of persecution upon the part of those who were responsible for the outraged community in the election of 1899 in the city of Louisville. Pardon granted."

Mr. Durbin—Political persecution of a Democrat, in court presided over by a Democrat, and the prosecution conducted by a Democrat! It seems to me, that with one exception, this is the severest arraignment on record of a court by a Governor.

Mr. Beckham—It was deserved. What other case do you refer to?

Mr. Durbin—A Kentucky case in which Gov. Beckham pardoned a gambler, Alvey. Let me read for your edification some of the tributes you paid to the Kentucky courts:

"This is the most bare-faced and inexcusable case of judicial and political persecution that ever came before my notice. By a bold and shameful conspiracy this man Alvey has been selected as the helpless victim, while others equally as guilty, or more so, who seem to bask in the sunshine of official favor, are allowed absolute immunity from prosecution in the Jefferson Criminal Court. \* \* I, therefore, as a rebuke to the character of such a prosecution, and not as a condonation of the offense of gambling, which I am ever ready to aid in suppressing, grant this pardon to Alvey upon the assurance from him that he will not again violate the law."

Mr. Beckham—Strong language, but I believe true language.

Mr. Durbin—Strong, indeed. It is either true or false. If true, the courts of Kentucky are worse than those of Russia. If false, the Governor of Kentucky is convicted of arraigning, trying, convicting and sentencing honorable men without a trial. In either case, I feel it my duty

## THREE FAIR AMERICAN LADIES

Who Use Peruna.

MISS J. WILSON GAIRE. MISS IDA HARNED. MISS BARBARA ALBERTY.

Miss Janet Wilson Gaire, President of the Ono Musical Club, Kansas City, Mo., also Treasurer of the Dream Lodge Mining Co., No. 224, New York Life Insurance Co. building, Kansas City, Mo., writes:

The Peruna Medicine Co., Columbus, O.: Gentlemen—"For the past few years I have tried several kinds of medicines when I was feeling badly, but I am free to admit that I never found anything to equal Peruna."

"Last fall I contracted a severe cold which seemed to settle in my joints and made me very uncomfortable for a couple of weeks, until I tried Peruna. Before a week was passed the soreness was gone and before I had used two bottles I was completely restored."

Yours very truly, J. Wilson Gaire.

Everywhere the people, especially the women, are praising Peruna as a remedy for all forms of catarrhal difficulties. Send for free catarrh book. Address Dr. Hartman, Columbus, Ohio.

Conspicuous among women who have attained success in the business world is Miss Ida Harned, a clever insurance writer.

A recent letter from Miss Harned to The Peruna Medicine Co., of Columbus, O., reads as follows:

CHICAGO, ILL.: 607 CHAMBERLAIN BUILDING. The Peruna Medicine Co., Columbus, O.: Gentlemen—"As a tonic I find your Peruna an excellent medicine to build up and restore the nervous system. My work is out doors and traveling to a great extent, and during inclement weather I especially value it as a preventive against colds, and as a cathartic treatment it is unexcelled. It is with much pleasure I give Peruna my hearty endorsement."

Yours truly, Ida Harned.

Barbara Alberty, corner Seventh and Walnut streets, Appleton, Wis., writes as follows in regard to Peruna:

"For years I have suffered with backache and severe pains in the side. I doctored so much that I became discouraged."

"A school friend told me how very much Peruna had benefited her and I sent out for a bottle, which did more to relieve me than all the other medicine I had ever taken."

"I used it faithfully for two weeks and it completely cured me. I have not had any pains since, anywhere, but feel like a new woman. I am truly thankful for what Peruna has done for me."

Yours very truly, Barbara Alberty.

then the custom not to try to get the buttermilk out before the butter was nearly all gathered into one solid lump, and it requires considerable churning in two or three waters to remove the buttermilk. Then few used water cooler than that in the well or spring, seldom below 48 to 50 degrees.

When they had learned to begin the washing while the butter was in grains about as large as wheat kernels and to use ice water at about a temperature of 40 degrees, which chilled the butter, they found there was little if any loss of flavor, and if the water had a handful of fine salt to each gallon it required but one or at most two washings to get it free from milk, and we thought the flavor was improved or brought out more fully.

Farming a Business.

Farming is a trade that takes longer to learn than any other. How many times one hears the question asked about some stranger: "What is his business?" "Is he a tradesman?" and invariably, if he is a farmer, the reply will be: "No, just a farmer," as much to say, anybody can plow and plant and sow and reap. And almost anyone can to a certain extent. But quite often the most common word of the farmer is done in the way that causes almost total loss of his time, his team and perhaps other help, all because he knew no better way in which to do it. Perhaps he may get moderate returns for his labor in some particular case, and not be aware that it is not the best that could have been obtained, if his work had been systematic and thorough. In a great many instances the returns would have been one-half or one-fourth greater. I remember, when I was quite young, asking different tradesmen how long it took them to learn their trade. The answer would range from one to five years. If the same length of time were devoted to the study of farming, we should have more proficient farmers. There are those who have lived and worked on a farm all their lives, and yet, at the age of 30 or 40, they do not know how to farm so as to obtain remunerative results. There is no place where it pays to have things done at the proper time than on the farm. The failure of the crops, the unprofitability of the soil, the condition of the stock and an almost endless number of leaks on the farm, are traceable to the lack of knowledge of the farmer. He has not learned the trade of farming. Consequently a portion of his labor and expenditure are thrown away.—George A. Rose, in Prairie Farmer.

## MAYDOLE'S HAMMER.

(Benson's Plaster is Pain's Master.)

When Maydole was told that he made "a pretty good hammer," he said, "No, I don't make a 'pretty good hammer,' I make the best hammer that ever was made." Every carpenter who saw a Maydole hammer wanted one. It was of the best material, perfectly balanced, and the head never flew off. Hammers were divided into two classes—1st, Maydole's; 2d, all the rest. Plasters are separated by the same line of cleavage; 1st, Benson's Plaster; 2d, all the rest. When, for rheumatic pain, a cold, a cough, kidney trouble or any other disease or ailment that may be treated externally, you ask for a plaster, any honest, reputable druggist will give you a Benson's. He knows it is incomparably the "real thing." All the medicinal plasters that are valuable in a plaster are in Benson's. Capsicum, Stramonium and Belladonna plasters are out of date. An army of physicians and druggists, and millions of the people, have written of Benson's Plaster as a remedy to be trusted. Benson's Plaster has fifty-five highest awards. Accept no substitute. For sale by all druggists, or we will pay postage on any number ordered in the United States, on receipt of 25c. each. Seabury & Johnson, Mfg. Chemists, N.Y.

Mr. Ed Brown, of near Centertown, and Miss Ethel Render, of Rockport, were married Wednesday at the home of the bride's father, Mr. Jonas Render. Mr. Brown is a very pleasant, unassuming young farmer of good standing, while the bride is one of Kentucky's most charming young ladies. They enter life with a hopeful future, carrying with them the best wishes of their many friends.

Mrs. L. T. Barnard died yesterday morning at her residence, East of town, of pneumonia. Interment took place at the Bethel church yesterday afternoon at 3 o'clock, funeral services were conducted by Rev. G. J. Bean. She was only sick a very short time, less than a week. She was a faithful Christian, with a sweet and amiable disposition, loved by all who knew her. She was the sister of Mr. Thos. H. Black. Mr. Barnard is left with four little children to battle life in the absence of his much cherished and devoted companion. Our sincerest sympathy is with the bereaved family.

### Strong Letter From Squire Render

EDITOR REPUBLICAN.—I see that quite a number of the unsuccessful candidates, before the primary, have come out in letters urging their friends to be true to their colors. The only reason, I have not appeared sooner is that I am averse to appearing before the public. Now, I entered the race for Representative, thinking that I could win, but since another plucked the plum, I shall be none the less loyal to the party. I think it the duty of every Republican to go to work for the entire ticket and especially for Mr. Bennett, for I regard the representatives office as being the most important to the State. I shall do everything in my power to make victory certain for the whole ticket. With a united front, in the struggle for the right, there can be no question as to the result. I think none the less of the Republicans of the county

because a majority voted for my opponent, that was their privilege, which I willingly grant them, and to their verdict, I cheerfully submit. Very truly yours, for the success of the entire ticket, W. P. RENDER. Matanzas, Ky., March 11, 1901.

Sheriff S. T. Stevens, who has been quite sick for several days, is slowly improving.

### To Whom It May Concern.

The Kind You Have Always Bought

Bears the Signature of

Dr. J. C. Coleman's Reply.

EDITOR REPUBLICAN.—In your last issue I am talked about by one who is sailing under the cognomen of "Squint." Webster defines this word "Squint" to "SEE OBLIQUELY," NOT HAVING THE OPTIC AXES OF BOTH EYES COINCIDENT—"TO DEVIATE FROM A LINE," &c., &c. From what "Squint" has to say and his manner of saying it, it must be conceded that he has selected a most appropriate name, over which to write; and hence I will leave "Squint" still "Squinting," until the axes of his eyes get straight and he becomes capable of asking questions without "squinting," while I will attempt to disabuse the public mind of some misapprehensions concerning the matter of "Women Preaching," and my proposition to discuss their Divine right to exercise the high prerogatives and functions of Gospel Ministers.

Let it be noted that I am not proposing to discuss any woman who may be preaching, or any man who may favor her preaching, but what I do propose to discuss is the proposition: "Do the Holy Scriptures teach that Women have the Divine Right to Assume all the Rights and Functions of Gospel Preachers?" I care nothing for what any woman or man may think, say or do about this matter, but the question is: "What do the Scriptures Say and Teach?"

Let no one say hereafter, that Dr. Coleman is fighting a "woman." It is not the truth; nor can any one so think or believe, unless it be another "Squint," who can only see obliquely. The next question is, as to the demands, that I make of the person who may propose to discuss the foregoing proposition with me:

1. He must be a member of a church that holds and teaches the doctrine he must affirm, if he would debate with me. If he is not a member of a church that so holds, teaches and practices, I cannot entertain for a moment, a proposition to discuss this question with him, who does not know that requirement is made in all dignified and well-regulated debates.

Now, where is such a church to be found? In vain you will search for it in the confession of Faith, Discipline, Articles of Faith or Declarations of Religious belief among Jews, or Gentiles, Catholics or Protestants. Baptists or Pedo Baptists; yet he must hold membership in such a church or a debate would simply drive into a disgraceful personal quarrel.

2. In the second place, he must come endorsed as a competent representative of the Doctrines of his church, and that endorsement can come only from the highest law making authority of the church of which he may be a member.

Now, it is singularly true, that while there are individuals in many denominations who tolerate and even advocate the preaching, so called, of women, yet not one denomination has ever ventured to declare such doctrine authoritatively.

And now having shown what I started out to say at the beginning, just as soon as the agitation should

## REASONS FOR PARDONING ALVEY.

"This is the most bare-faced and inexcusable case of judicial and political persecution that ever came before my notice. By a bold and shameful conspiracy, this man has been selected as the helpless victim, while others equally as guilty, or more so, who seem to bask in the sunshine of official favor, are allowed absolute immunity from prosecution in the Jefferson Criminal Court. Has the prosecution been animated by an earnest and honest desire to stamp out all gambling in the city of Louisville? If so, then they would have met with the hearty co-operation of the chief executive in their efforts, and I stand ready now, whenever and wherever it may be in my power to aid the officers of the law, where they are honest in seeking to enforce the laws against gambling, without partiality or favor to any one. "Has such been the case in the recent indictments and trials in Louisville? The record before me and the information I have received certainly do not show it. Why is it that indictments have not been returned against the most notorious gamblers in the city? And why is it that indictments against others have been dismissed under a corrupt bargain that they be given immunity, if they would give evidence against this man and one Miles? Is Alvey made the particular vengeance because he had become a dangerous rival in the business to some others? "Gambling is a crime, punishable by severe penalties under our statutes and it ought to be stamped out, if possible, by a rigid and impartial enforcement of the law. I would gladly see the city of Louisville freed from this vice, but if it is allowed at all, then I say it would be preferable under the principles of competition rather than monopoly. "This warfare seems to have been inspired, not by an intention to suppress gambling, but by a desire to destroy competition in that business. The papers before me show, beyond a doubt, that this man was convicted upon evidence secured by one of the most infamous bargains ever tolerated in any court. "One of the employed prosecutors, who has been conspicuous in his professed advocacy of 'honest election,' and has been Peter the Hermit in this one-eyed crusade against the gambling vice, negotiated the deal, claimed to act with the sanction and approval of the court. "By this agreement, which, by the proceedings in court yesterday, seem to be fully carried out—these men were dismissed from the charges against them, and by their testimony a verdict was secured against Alvey, who, either by reason of his competitive qualities or his political affiliations, seems to have incurred the special hatred and animosity of the prosecution. "I have filed before me, in what I am assured is the handwriting of the Prosecuting Attorney before referred to, affidavits which he prepared for these men to sign after the agreement was made. I copy the first paragraph: State of Kentucky, ss.—Jefferson County: The affiant, Logan Schwaner, says this affidavit is made of his own free will and accord without solicitation of any one. He says he has been promised no reward of immunity from punishment or trial under the indictment pending against him in the Jefferson Circuit Court. "If this handwriting is genuine, as I believe it is, then he sought to make these men swear to what he and they knew to be false. Gambling is bad enough, but perjury and subornation or perjury is worse, and it is startling that such methods should be resorted to for the conviction of any one. "I, therefore, as a rebuke to the character of such prosecution, and not as a condemnation to the offense of gambling, grant this pardon to Alvey, upon the assurance from that he will not again violate the law. J. C. W. BECKHAM, Governor."
